

BMS 13-72 Cable

BMS 13-72
Data Bus Cable, 100 ohm

BMS 13-72 Data Bus Cable Applications:

General use in various areas of aircrafts, in aircraft cable applications

BMS 13-72 Data Bus Cable Construction:

Conductor: Silver Coated Copper Alloy (High Strength)

Insulation: Polytetrafluoroethylene (PTFE) Tape

Shield: Overall Tinned Copper Flat and Round Braid Shield

Jacket: Fluorinated Ethylene Propylene (FEP)

BMS 13-72 Data Bus Cable Ratings:

Temperature Range: -55° C to 150° C

Nom. Impedance: 100 ohms

Part Number	Specifications	Nom. Imp.
BMS13-72T03	24 AWG, 4 Conductors	100
BMS13-72T04	22 AWG, 4 Conductors	100
BMS13-72T07	24 AWG, 2 Conductors	100
BMS13-72T08	24 AWG, 2 Conductors	100
